

### Private Practice and Cancellation Policy

Cancellation of a session must be made at least 24 hours before the session and no more than 2 cancellations per month will be permitted.

If cancellations are made with more than 24 hours notice, the session will be rescheduled at a mutually agreed upon time between the therapist and the client. If less than 24 hours notice is provided, the session will not be made up without an additional hourly charge.

A therapist is available during your child's appointment time. If a client arrives late to an appointment, time will not be made up without an extra charge. If the therapist arrives late to an appointment, the therapist will stay the full 50 minutes.

We are available to travel to your child's school or to come to your home. There is no extra fee for this service.

### Fee Schedule

|  |       |
